HAIR-FREE SUMMER

Smooth 'n' fuzz-free skin is a must when the weather heats up. Here's how to make it happen ...

Waxing

Sure, the idea of ripping hair out of your skin isn't fun, but it's quick, and the results last longer than most other hair-removal methods! You can head to a salon for a pro wax, but if you want to save your cash, try DIY waxing.

1 Veet Ready To Use Mini Wax Strips \$9.99

★ **HOT TIP** ★ Waxing your underarms can be tricky! It's best to leave this one to the pros.

Shaving

It's quick and easy and leaves you with silky skin in seconds (be careful not to nick yourself!).

2 Gillette Venus Breeze Razor \$12.99

3 Schick Silk Effects Razor \$6.49

★ **HOT TIP** ★ Shaving your bikini line can leave you itchy when the hair starts to grow back, so it's best to use wax or hair-removal cream on this area.

Hair-removal products

Try a hair-removal glove, which removes hair and exfoliates skin, or smooth a cream on, then wipe it off for hair-free skin.

4 Silkymit Hair Removing Glove \$6.95

5 Nair Pretty Hair Removal Cream \$3.99

BE A GLOW-GETTER

Forget exposing your skin to harmful UV rays – go for a faux glow instead. Here's how ...

● (6) Garnier Bodysummer Moisturising Lotion, \$9.49

Gradually build up your tan with this moisturising lotion that gives you a sun-kissed colour!

● (7) ModelCo Self-Tanning Glove, \$34 You can literally tan your body with this glove! Just smooth all over for an even tan.

● (8) Maybelline New York Dream Glow Instant Bronzing Makeup, \$14.50 Smooth it on your face or body for an instant bronze shimmer.

● (9) Neutrogena Sheer Body Tint, \$12.99 Want an instant tan just for the day? This super-light mousse absorbs quickly for a perfect tan in seconds.

THE RIGHT BUFF

Tanning without exfoliating first is like applying your make-up without using a foundation. If you want a patch-free, even tan, try one of these products: 10 Inecto

Pure Coconut Oil Leg & Body Scrub \$12.95

11 Garnier Bodytonic Sugar Scrub \$11.99
