Awesomeness ALERT!

You know when something comes along which is like, just the thing that's been missing in your life, and it's almost like the inventors jumped into your head and plucked the idea right out? That's exactly how we felt when this little beauty landed on our

desks. It looks like a Pac Man, but it's actually a mini nail dryer. How freakin cool is that? Instead of waiting 12379694 years for your polish to dry, just press down on the bottom pad and the fan gets to work at drying them for you. **Manicare Nail Dryer, \$9.95**

TESTED BY YOU

This month our rockstar workies (Deana and Marli) got sprayed with a hit of Punk-queen Vivienne Westwood's latest fragrance.

- The juice:** Vivienne Westwood Let it Rock, EDP, 50ml, \$89 (on sale March 10)
- At first spray...** it smelled sweet and light.
- Kinda like...** musk lifesavers with a sexy edge.
- It made us feel...** powerful and strong, like we could conquer the world!
- If it were a celebrity it'd be...** Pink coz she's an individual and doesn't care what people think.
- We love it coz...** it's got a slightly boyish musky smell and it's so different to everything we've smelt.

Mac attack

Last year Barbie took over MAC cosmetics with a heavy dose of bubblegum pink. But this year she's hung up her gloss-making hat to make way for a newer, cooler, neighbour. Meet the Fafinettes - cartoon nymphs with enough sass to put Lily Allen to shame. They're the brainchild of Parisian artist Fafi and from this month, you'll see them splashed across MAC products nationwide for their limited edition range. Last year they sold out quicker than a Marc Jacobs sample sale, so run, jump, abseil if you have to. Just get to MAC quuuuicck!

- 1 MAC Fafi Lipstick in Not So Innocent, \$35; Fafi fainette doll, \$17;
 - 2 MAC Fafi lipglass in Totally It, \$34;
 - 3 MAC Fafi eyes 2 eyeshadow quad, \$72.
- Available March 3

You asked. We heard. We answered.

Q "My hair always gets this crazy static in it! Why does this happen, and how can I make it stop?" **Sophie, 15.**

A "Static usually happens from too much brushing or combing - so try to minimise the amount of strokes you do,"

says Jamie Williams, stylist for Global Hair in NSW (02 9331 0010). "You should only need to put the comb or brush in once or twice when using a straightening iron," he says. You could also try an anti static brush, or a teeny amount of anti-frizz serum

smoothed through hair after blowdrying or straightening.

- TRY:** 1 John Frieda collection frizz-ease hair serum, \$23.99;
- 2 Brushworx tourmaline anti-static radial brush, \$17.95
